The third annual Hyde Park DaVinci Day is fast approaching!

Bring the family and come for an experience of laughter, learning, and Renaissance delights!

The Hyde Park Academy of Science and Mathematics is a performance based middle school, located in the central part of the Las Vegas valley.

Throughout the year students are busy creating projects, works of art, science experiments, and original inventions. DaVinci Day is an opportunity for our students to share their talents and creations with the Las Vegas community.

The learning philosophy of Hyde Park is a reflection of the genius that is Leonardo Da Vinci.

*Sensazione- The continued refinement of the senses

*Dimostrazione- A commitment to test the knowledge through experience, persistence, and a willingness to learn

*Sfumato- A willingness to embrace ambiguity, paradox, and uncertainty

*Corporalita- The cultivation of grace, ambidexterity, fitness, and poise

*Arte/Scienza- The development of the balance between science and art, logic and imagination

*Curiosita- An insatiably curious approach to life and an unrelenting quest for continuous learning

*Connessione- A recognition and appreciation of all things connected

Quotes

"You can tell whether a man is clever by his answers. You can tell whether a man is wise by his questions."

"A man's errors are his portals of discovery"

"The real magic lies not in seeing new landscapes but in having new eyes."

"Confusion is the welcome mat at the door of creativity."

"To know one thing you must know the opposite."

"Genius is the art of non-habitual thought."

"It is by logic you prove, but by intuition that you discover."

"The earth and myself are of one mind."

"Be really whole and all things will come to you."

Please join our Hyde Park community as we celebrate the ideals and philosophy of our inspiration Leonardo Da Vinci.
